

Guard It Eco Safe Degrease

“A New Generation Safe and Ecofriendly Degreaser”

Powerful... Safe... Environmental

Guard It Eco Safe Degreaser is a heavy duty, water based degreaser

KEY BENEFITS
▶ Low Foaming
▶ Safe, Non-Flammable
▶ Non Hazardous
▶ Contains No Phosphates
▶ No VOC's
▶ Readily Biodegradable

specifically formulated to remove grease, dirt and soot from all surfaces.

Formulated as a superior alternative to dangerous chlorinated or caustic based products, Eco Safe Degreaser is a special low foaming, industrial strength cleaner and degreaser that combine safety with effective cleaning.

Because of its low foaming qualities, it's ideal to use with pressure washers and auto-scrubbing machines. Harmless to painted surfaces, plastic, vinyl and stainless steel.

Guard It Eco Safe Degreaser is an innovative degreaser with excellent eco-friendly properties. Eco Safe Degreaser is non toxic, readily biodegradable, non flammable and contains no VOC's (Volatile Organic Compounds).

▶ *Safe to Use*

The product is non flammable, non hazardous, non corrosive and has non-irritant properties. It has low / virtually no odour, is non-carcinogenic and is not an irritant or sensitizer, which makes it totally safe to use.

▶ *An “Eco-friendly” solvent*

Eco Safe Degreaser is readily biodegradable and non toxic. It has no VOC's according to EU directive 1999/13/EC, which gives the product an excellent environmental profile.

▶ *A powerful solution*

It has high solvency power, and effective cleaning power for a wide range of applications. Eco Safe Degreaser is an aggressive industrial cleaner for floors, hard surfaces, equipment, machinery, kitchens and vehicles etc.

Guard It Eco Safe Degreaser

TECHNICAL INFORMATION

Description: Water-based degreaser and cleaner to remove dirt, grease and soot from a variety of substrates including concrete, tiles, machinery parts, vehicles, engines, trucks, commercial kitchens and flooring etc. Its low foaming properties allows for use pressure washers and mechanical floor scrubbers. Contaminants just wash off easily.

Clean up: Rinse and clean equipment with water.

Physical Properties:

- | | |
|------------------------------------|------------------------------------------------|
| • Appearance & Odour: | Clear colourless liquid. Characteristic odour. |
| • Freezing / Melting Point: | Approx. 0°C. |
| • Boiling Point: | Approx. 100°C at 100kPa. |
| • Volatile Materials: | Water Component |
| • Flashpoint: | Does not burn |
| • Specific Gravity: | 0.98 approximately |
| • Water Solubility: | Completely soluble in water |
| • Corrosiveness: | Non corrosive |

Identification:

- | | |
|--------------------------------|----------------|
| • UN No. | None Allocated |
| • Dangerous Goods Class | None Allocated |
| • Hazchem Code | None Allocated |
| • Sub Risk Class | None Allocated |
| • Packaging Group | None Allocated |
| • Poison Schedule | Not Scheduled |

Dilution Rates & Application Instructions:

Guard It Eco Safe Degreaser is a concentrated formula. Dilution rates are provided as a guide. Always test product in an inconspicuous area first for suitability of use and dilution rate appropriate to application. Apply to area with spray, cloth, broom or brush and rinse off with water.

For Heavily-Soiled Areas: Recommended dilution rate is 250ml to 10 litres of water (1:40). Stronger dilutions can be used for more difficult to remove contaminants.

For General Maintenance: Recommended dilution rate is 125ml to 10 litres of water (1:80)

Transport:

This product has no UN classification. Non-Hazardous. Not classified as a Dangerous Good, according to the Australian Code for the Transport of Dangerous Goods by Road and Rail (6th Edition).

Refer to the Material Safety Data Sheet for full technical and safety details.
