Guard It Soy Safe Graffiti Remover

TECHNICAL INFORMATION

Mixing: Guard It Soy Safe Graffiti Remover is ready to use product as is. Do not dilute.

Pre-Test: As masonry materials and graffiti paints vary significantly, a test should be conducted prior to application to find out the suitability of this product for the intended purpose.

Application Methods: Ensure surface is dry then apply Guard It Soy Safe Graffiti Remover directly onto the affected area by brush, broom or sprayer. Allow 1-2 minutes or longer if necessary to allow product to penetrate the graffiti then rinse with pressure washer or low pressure garden water spray pump. Re-apply the product on any stubborn areas until all graffiti has been removed. Take care when applying to painted surfaces. Reduce the dwell time on painted surfaces. Test on a small inconspicuous area to check the compatibility before use.
Clean up all equipment in water.

Coverage: One litre will cover approximately 15-20 sq. metres depending upon the porosity of the surface to be treated and method of application.

Handling & Storage: Store upright out of direct sunlight in a cool, dry well ventilated area, in tightly closed containers away from combustible materials or sources of heat or ignition. Keep containers closed, when not using the product. Store in original packages as approved by the manufacturer.

Shipping Information: This product has no UN classification. Non-Hazardous. Not classified as a Dangerous Good, according to the Australian Code for the Transport of Dangerous Goods by Road and Rail (6th Edition).

Refer to the Material Safety Data Sheet for full technical and safety details.
